

CHALAPATHI INSTITUTE OF ENGINEERING & TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

A Report on Webinar on
WINDOWS DESKTOP APP DEVELOPMENT

6th & 7th April-2020

in Collaboration with
Computer Society of India

A Webinar on **WINDOWS DESKTOP APP DEVELOPMENT** was organized by the department of CSE on **6th & 7th April-2020** in Association with CSI Student Chapter and Chalapathi Institute of Engineering & Technology.

The session was started at 10:00am. The Program was hosted by Dr. K.Kiran Kumar, HOD CSE of CIET. In the first day of the webinar, students are given overview of the windows apps, windows store, developer account, how to generate revenue using windows apps and the hardware and software requirements for developing an app. The complete procedure on what are the software's required and the installation procedure is shown.

The session at day two was started at 10:00 am. The host gave a detailed live demo by developing an App from scratch. Multiplication tables is the app taken and starting from opening the software and tools needed to develop as well as the coding part needed to run the app is shown clearly. After the development of app is completed, the uploading procedure to the windows store is also shown.

About 110 students participated from I & II year B.Tech and acquired good amount of knowledge. Entire workshop was coordinated by Dr. K.Kiran Kumar, HOD-CSE, CIET. We

thank all the participants for making this event successful. Finally, there was a good feedback for the Webinar conducted.
